# 1- Introduction

## Lodgify API

Lodgify is a vacation rental software with an all-in-one solution that allows owners and property managers to easily create their own vacation rental website and accept online bookings. Owners can manage all reservations from one place and synchronize property data with their booking channels. Whether you own a single vacation rental or manage 500+ vacation properties, Lodgify has the right tools for you to increase your online bookings and simplify the management of your business..
